# Mission

With over a decade of expertise in shaping refined lifestyles through architecture and design, EuroStyle E&C carries forward EuroStyle's vision into the realm of engineering and construction. We are committed to delivering exceptional-built environments where craftsmanship meets timeless aesthetics - creating architectural landmarks that embody cultural heritage and enduring value, passed from one generation to the next.

EuroStyle E&C provides comprehensive solutions in architectural design, construction, and project management for top-tier hospitality and residential developments. With a foundation built on technical precision, structural integrity, and refined aesthetics, EuroStyle E&C delivers bespoke construction services that embody the highest standards of professionalism.

# Vision

# Core Values

## 1. Uncompromising Quality

From materials to execution, we uphold the highest standards to ensure enduring durability, sophistication, and ultra-luxury excellence.

## 2. Innovation & Precision

By embracing cutting-edge technologies and precise project management, we bring each client's unique vision to life with flawless execution.

## 3. Tailored Excellence

Every project is bespoke. Our solutions are meticulously crafted to reflect the individuality, lifestyle, and prestige of each owner.

## 4. Sustainable Luxury

We harmonize elegance with responsibility, creating iconic developments that remain sustainable for generations to come.

# Our Team

With a team of creative, dynamic, and experienced professionals trained in renowned European architectural environments such as Sweden, Italy, and the UK, we integrate cutting-edge technology throughout the conceptualization, construction, and finishing phases. This enables us to deliver bespoke, luxurious spaces that reflect each client's unique identity - with optimized cost-efficiency and project timelines.

# A — PROJECT MANAGEMENT & DEVELOPEMENT OVERSIGHT

## Leading Complex Developments with Precision and International Standards

Focused on large-scale hospitality, ultra-luxury residential, and mixed-use developments, EuroStyle E&C provides comprehensive project management solutions from strategic planning to execution oversight.

Our expertise lies in coordinating complex ecosystems involving international operators, consultants, contractors, and technical disciplines — ensuring every phase is delivered with precision, efficiency, and uncompromising quality.

With extensive experience across five-star resorts, branded residences, cultural landmarks, and integrated developments, we manage projects through a holistic approach that balances design intent, technical performance, operational standards, and long-term asset value.

# I. LIBERA NHA TRANG (VEGA CITY)

A landmark 43.81-hectare integrated coastal development with approximately 481,924 m<sup>2</sup> GFA, combining international hospitality, luxury residential, retail, cultural, wellness, and infrastructure components under a unified project management framework.

## Project Components

- **VILLA LE CORAIL, A GRAN MELIÁ HOTEL**

Ultra-luxury beachfront resort villas with private pools and international hospitality standards.

- **Libera Continental Shopping Plaza**

Premium beachfront commercial destination featuring luxury retail and lifestyle experiences.

- **Dual Hotel Towers: CT10 & CT11**

Two 30-story hospitality towers comprising Melia Hotel, New World Hotel, and Rixos All-Inclusive Hotel by Accor.

- **Đó Theatre**

Iconic cultural landmark inspired by Vietnamese heritage architecture with world-class performance facilities.

- **Beach Club**

High-end beachfront lifestyle and entertainment destination integrated within the resort ecosystem.

- **Energy Center**

Centralized technical infrastructure managing HVAC, fire protection, wastewater treatment, and engineering systems across the development.

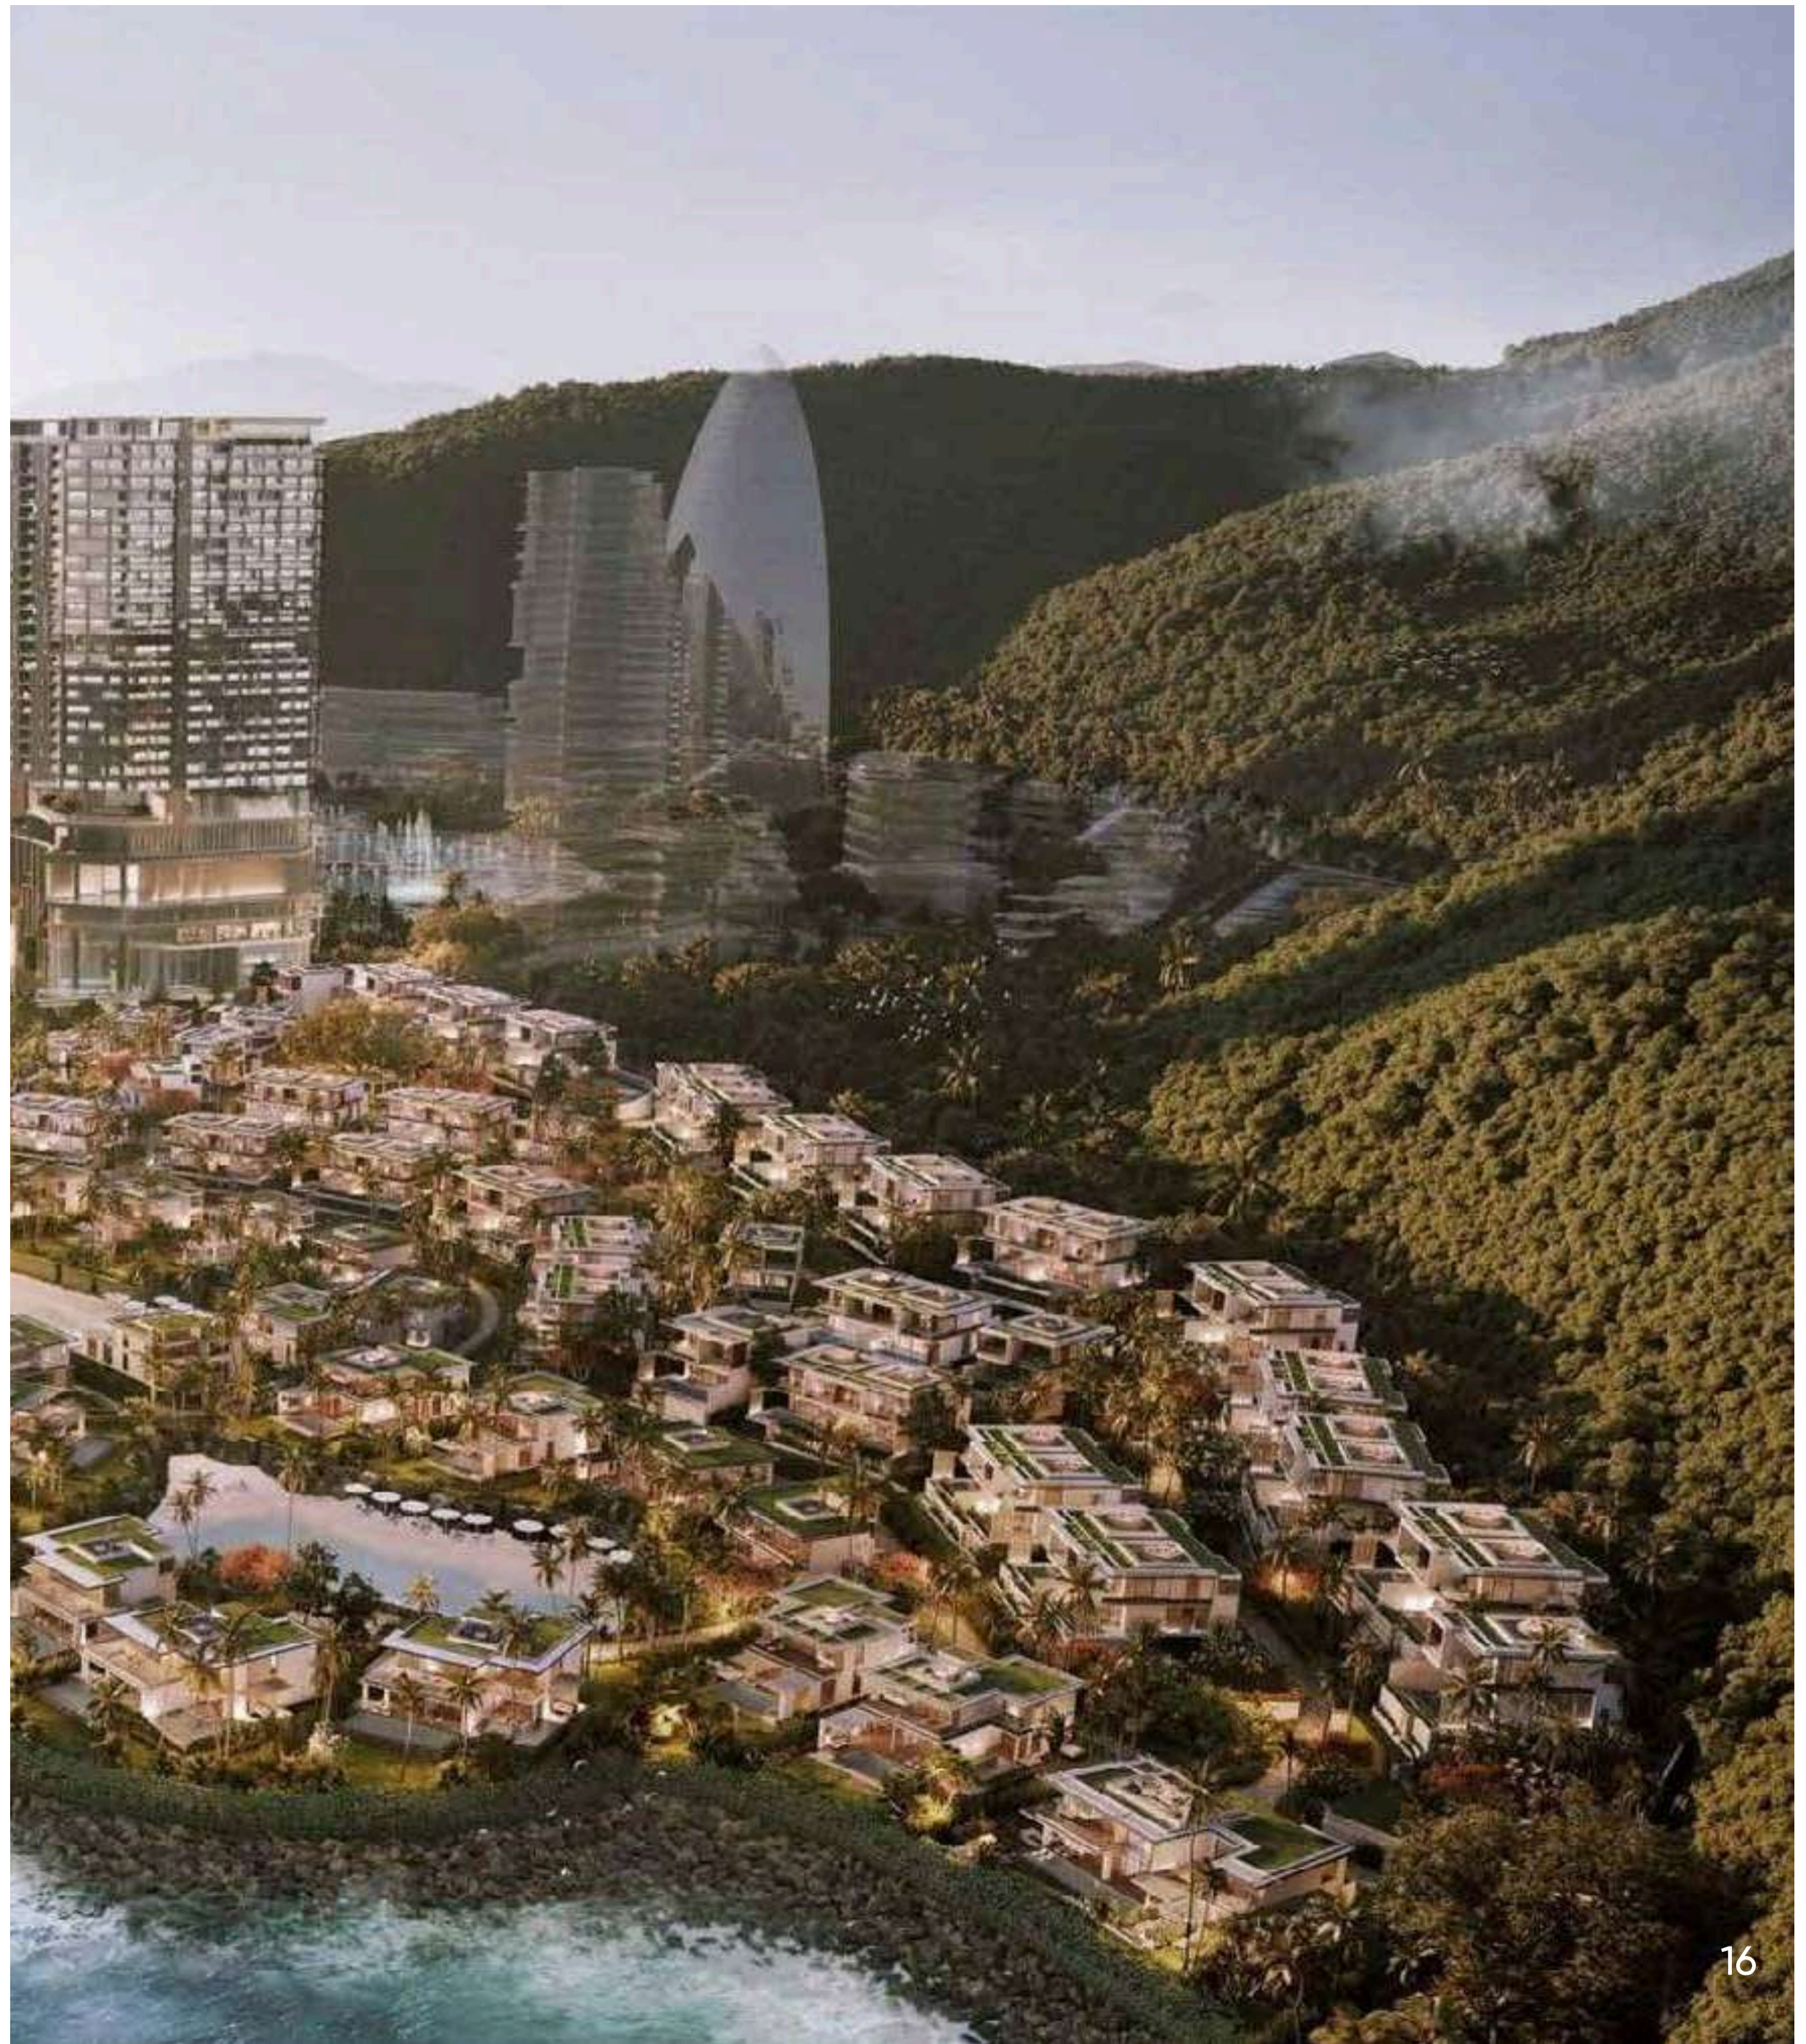

## VILLA LE CORAIL, A GRAN MELIÁ HOTEL

---

Nestled along the coastline of Nha Trang, Villa Le Corail is a bespoke luxury residence that captures the essence of coastal elegance and contemporary architecture. EuroStyle E&C proudly undertook the Design & Build scope, delivering a seamless integration of aesthetic vision and technical excellence.

Every detail, from spatial planning and structural design to interior finishing, was meticulously crafted to reflect a refined tropical lifestyle, harmonizing natural light, ocean breeze, and material sophistication. The result is a private retreat that embodies the art of living, where architecture and emotion coexist in perfect balance.

## 2. EUROSTYLE SHOWROOM NETWORK

### Project Components

- EuroStyle Heritage Center | Ha Noi
- EuroStyle Hanoi Complex | Ha Noi
- EuroStyle Saigon Center | Ho Chi Minh

A flagship luxury showroom network developed under a unified project management and execution strategy, representing EuroStyle's vision of integrated luxury living, design, and lifestyle experiences across Vietnam.

EuroStyle E&C oversees the end-to-end management of these complex showroom developments – from planning, technical coordination, and construction supervision to brand integration and operational execution. Each destination requires meticulous coordination between international luxury brands, bespoke interior systems, architectural detailing, and premium customer experience standards.

Beyond construction, the project reflects EuroStyle E&C's capability in managing multi-location developments with consistency, precision, and brand-driven execution – transforming each showroom into an immersive architectural expression of the EuroStyle ecosystem.

# EUROSTYLE HERITAGE CENTER

A luxury lifestyle and hospitality destination developed as a refined gathering place for Hanoi's elite community, integrating architecture, design, gastronomy, and premium living experiences within one ecosystem.

EuroStyle E&C managed the overall project development, technical coordination, and construction execution of the complex, ensuring seamless integration between international luxury brands, hospitality standards, and bespoke architectural detailing.
